Dear Richard,

My enclosed letter to Herman with a letter I'm asking him to get to Mailer with a copy of NEVER AGAIN! is a dream situation.

No p.r. man could improve on itspossibilities no matter how great an imagination he might have.

DO NOT MISS THIS ONE!

I've been enjoying myself recently writing what I'm thinking of as either

MAILER's Tale or

Mailer's Whitewash

with the subtitle of Of the JFK Aasassination

Without the book I've been enjoying ridiculing Mailer and Schiller, his "associate," one who it would defame hyenas and vultures to call a "scavenger."

I think you have a pretty good idea of his clout, the evidence ie "impenetrable, give me!

Best,

Harold
